About us

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes. CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has over 8,500 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 200,000 enterprises from around 250 national and regional sectoral industry bodies.

The CII theme for 2017-18, India Together: Inclusive. Ahead. Responsible emphasizes Industry's role in partnering Government to accelerate India's growth and development. The focus will be on key enablers such as job creation; skill

development and training; affirmative action; women parity; new models of development; sustainability; corporate social responsibility, governance and transparency.

CII-Sohrabji Godrej Green Business Centre (CII-Godrej GBC) was established in the year 2004, as CII's Developmental Institute on Green Practices & Businesses, aimed at offering world class advisory services on conservation of natural resources. The Services of Green Business Centre include-Energy Management, Green Buildings, Green Companies, Renewable Energy, GHG Inventorization, Green Product Certification, Waste Management and Cleaner Production Process. CII-Godrej GBC works closely with the stakeholders in facilitating India emerge as one of the global leaders in Green Business by the year 2022.

- Meets future regulations & compliances
- Drives innovation
- Tool to Monitor Environmental performance
- Transparency

CII Environmental Best Practices Award 2018

27 June

Conference on Life Cycle Assessment

In its endeavor to recognize, encourage and support the efforts of Indian Industry in conservation of natural resources and pollution prevention, CII is organizing the CII - Environmental Best Practices Awards 2018. Industries that make significant and measurable contribution towards the development and use of cleaner technologies, processes are recognized and awarded during the event.

Objective of the Award

- Recognize and award environmental best projects
- Facilitate sharing of information and benefits amongst industry
- Instill a sense of competition and motivate other industries to implement more innovative projects

Life Cycle Assessment has become a key sustainability tool and is increasingly used by industries across the world to benchmark and compare their environmental performance, to improve resource efficiencies. To promote use of LCA tool and share best practices, CII is organizing one day conference on 'Life Cycle Assessment'

Areas of discussion:

- Application of LCA studies
- Life Cycle Inventories
- Green Public Procurement through LCA
- Best practices in LCA using Software tool
- Green innovations through LCA

GreenCo Summit 2018

28 & 29 June

Conference on GreenCo SME

To promote and facilitate Green initiatives in Indian Industry and share latest green concepts and technologies, CII is organizing the 7th edition of the GreenCo Summit which aims at fostering and promoting sustainable models

Areas of discussion:

- International experience & world class practices in environment sustainability & circular economy
- Panel discussion with CEOs
- Design for environment - resource conservation, recyclability, zero toxicity
- Transforming supply chains
- Experiences of GreenCo Champions

To strengthen Green initiatives in SMEs, CII - Green Business Centre has developed GreenCo SME rating to assess performance of SMEs in environment sustainability. A one day dedicated parallel event on 'Conference on GreenCo SMEs: How to Make SMEs Green?' is being organized as a part of 7th edition of the GreenCo Summit 2018.

Areas of discussion

- Discussion on low investment cleaner projects in SMEs
- Sharing of best practices and case studies from SMEs
